

I was raised in the mountains of North Central Pennsylvania and graduated from Bucktail Area High School in Renovo, PA. After earning my BA in Sociology from Lock Haven University, I attended Edinboro University where I received my Master's in Secondary School Counseling. I'm beginning my 26th year at Dallastown where I serve as the Supervisor of Secondary Programs and Services.

My wife, Mindy and I have two children, Abbey (22) and Alex (20). I'm an avid New York Yankees fan and enjoy outdoor activities such as hiking, backpacking, fishing, kayaking, and exercising. I look forward to promoting programming on the secondary campus as we look to enhance counseling services and student opportunities in grades 7 through 12.
